WILL PASS BONUS BILL IS FORDNEY STATEMENT TODAY

REPUBLICANS IN CONFUSION OVER ACTION OF PRESIDENT IN CALLING FOR SALES TAX OR NO BONUS

(By Associated Press)

Washington, Feb. 17—The soldiers' bonus will be reported to the Republican caucus within the next ten days "and the Republican house will pass it," Chairman Fordney of the ways and means committee declared today during a discussion of the manner of framing the bill.

A majority of the members of the house ways and means committee, in whose hands the bonus problem rests, indicated before the meeting today that they planned first to consider the president's suggestion that cash payments be deferred until they could be made in a lump sum. It is understood that officers of the American Legion will be called upon first to give their views

Republicans Perplexed

Republican leaders of both houses were perplexed and bewildered over the President's letter to Representative Fordney, chairman of the ways and means committee, and Senator McCumber, chairman of the finance committee, while Democrats concentrated in making all the political capital they could out of the dilemma. Some of them openly charged that in suggesting a sales tax to finance the bonus the President was deliberately seeking to put off action at this time altogether.

With the congressional leaders running around in circles tonight, opposition to the President's alternative suggestion of postponement of bonus legislation was vehemently voiced by the American Legion, through its legislative agent, John Thomas Taylor, who declared that the need for passage of the bonus bill is immediate but that the Legion did not intend to be drawn into discussion of any proposed methods to raise revenues

EDUCATION FIRST IN FAIR ADMINISTRATION

Fond du Lac, Wis, Feb 17—Education should be placed above profit in the administration of state and county fairs, Oliver E Remey, secretary of the Wisconsin state fair said in his report before the state association of fairs here today

He urged continuance of the policy of county and state aid as a means of upporting the fairs as educational institutions, because, he declared, few of them are self-supporting and must receive assistance if they are to continue

Recommendation was made that fair grounds be used as community centers which the farm boys and girls can use for recreational purposes This may serve as a means for keeping many on the farm, Mr Remey said, who otherwise would leave for the cities

ORDER REDUCTION IN FORCES IN GERMANY

Washington, D. C—An immediate further reduction of 203 officers and 3,000 men in the American forces in Germany was anounced today by the war department. There will remain in Germany, after this reduction, a total of 169 officers and 2,217 men

Troops remaining in Germany will be one infantry regiment—the 8th infantry—battery A, 6th field artillery, Company D, first engineers; Company A, 16th engineers and the necessary auxiliary supply and medical detachments

SURVEY PROVES CHILDREN READ

LIBRARY WORKER DISCOVERS SIXTY PER CENT OF LOCAL SCHOOL CHILDREN HAVE LIBRARY CARDS

Wisconsin Rapids school children are good readers according to a survey just completed by Mrs. Ida Elliott, library worker, who has been in this city inspecting the local libraries and the effect of the institution upon the community. Mrs Elliott finds that sixty per cent of the school children of Wisconsin Rapids are card holders with the T B. Scott public library The survey was made to ascertain the number of library card users and holders in each school and to encourage the non holders to take out cards.

Howe School First

The Howe school children ranked first on a percentage basis, the survey showing that seventy per cent of the Howe school children were users of library books. The St Lawrence Catholic school was second in the per centage column with an average of 67 per cent. The east side Lutheran school has shown the highest increase since the survey was begun and the campaign started to increase the card holders

Try For Record

The schools are competing to see which one will be the first to report 100 per cent library users. It is hoped all the schools will be able to report this record by March 1

There will be a story hour at both libraries this Saturday Both will begin at ten o'clock sharp Miss Caroline Schnabel will take charge of the Main Library and Miss Selma Garant at the West Side Library. Children are urged not to reach the libraries much before ten o'clock, since they do not open before this time Although the West Side Library is not usually open on Saturday morning, it will be open this Saturday to any boys or girls who wish to draw fbooks ater the story hour.

PLAN NEW ROAD TO NORTH WOODS

LUMBER CONCERN WANTS TO BUILD RAILROAD FROM MERRILL TO STAR LAKE; WILL OPEN NEW COUNTRY

Madison, Wis, Feb. 17—Construction of a new railroad between Merrill, Lincoln county and Star Lake, Vilas county, a distance of more than 100 miles into a new and undeveloped section of Wisconsin is planned by the Stange Lumber Company, the land comissioners have just been informed

Before granting an application for right to cross state lands in building the new road, the commissioners today requested additional information from the lumber company, concerning their exact plans. The effect of the proposed railroad on state property bordering on Star Lake, is to be determined before permission is granted, the commissioners say

The new railroad would be used by the company primarily for logging purposes, extending back into their holdings which it is estimated will not be depleted of their timber for 20 years.

Henry Johnson, state treasurer, pointed out that the road would open the hitherto unsettled country to newcomers who will have an access to markets for the products they raise in developing the land bordering the new transportation system

Mr Johnson and the other commissioners, Attorney General Morgan and Secretary of State Hall, expressed themselves of the opinion that the road should be built through country that would not affect the utility of the state lands as summer resorts or cause destruction of the timber on them.

No action was taken on the question of trespass or of the sale of state lands, by the land commissioners.

It was decided that no more leases would be issued to private individuals for holdings on the property bordering the lakes, until a definite leasing policy has been determined. After thorough investigation last fall the commisioners were of the opinion that the custom of granting long leases to persons should be stopped.

MEET TO BOOST WISCONSIN VALLEY

SECRETARIES OF COMMERCIAL ORGANIZATIONS MEET AT WAUSAU; WOULD ADVERTISE COOPERATIVELY

Secretaries of the commercial organizations of Antigo, Stratford, Marshfield, Nekoosa, and Wausau dicussed mutual problems in a get together meeting held at Wausau Tuesday. G. D. Fritsinger, secretary of the local chamber of commerce, was invited, but was unable to attend the meeting.

E C. Kellogg, who represented the Nekoosa Chamber of Commerce, stated that the meeting was largely by way of preparing the way for later gatherings. Various problems of Wisconsin River cities were oughtt of Wisconsin river cities were brought up for discussion, but no definite action was taken

Discuss Advertising

The matter of cooperative advertising of the cities of the Wisconsin river valley was discussed and it was decided to make an effort to bring the cities of the valley together to advertise collectively, something after the manner of the campaign now being conducted by the cities of the Fox River Valley

The problem of handling and attracting tourists was one of the matters given considerable attention, Mr Kellogg said The talk was largely preliminary in its nature, but involved consideration of various means of attracting transients to this part of the state, which may be worked out later in actual practice. Among other things it was contended that much could be accomplished by the local merchants giving better service

Another meeting will probably be called at some other city in the valley before summer, at which it is hoped that there will be a more representative attendance.

IRELAND NEARER PEACE THAN ANY TIME FOR WEEK

CHURCHILL ASKS HOUSE OF COMMONS TO TAKE IMMEDIATE ACTION ON IRISH FREE STATE BILL

(By Associated Press)

Belfast, Feb 17—Forty-two Ulster unionists, kidnapped in the recent border raids from the south, have been released Michael Collins telegraphed Winston Churchill, secretary for the colonies, today, that he had succeeded in the liberation of that number.

The return to their homes of a large number of kidnapped unionists has had a stimulating effect on public opinion in Ulster, but the situation on the border continues to be one of danger, owing to the proximity of rival forces at some points.

Senor Reign Passed

There was some diminution yesterday in the reign of terror that has held Belfast in its grip for the past week. Last night was the quietest experienced since the outbreak Sunday night of the disorders which have taken thirty-six lives

Demands Action

London, Feb. 17—Secretary for the Colonies, Winston Churchill, in an address before the House of Commons yesterday afternoon, advocated the immediate passage of the Irish treaty bill, so that a legal and authorized election might be held at once in Ireland, and the socalled Republic dissolved for all time.

He said that Griffith and Collins had the support of the great majority of the Irish people, and that to withhold the law which would make possible the establishment of a regular form of government would merely strengthen the position of De Valera and the other irreconcilables f

Language of Treaty Plain

Mr. Churchill tackled the vexing question of the boundaries seriously, saying there was no use in dodging the facts. The language of the treaty was plain, he said, and would have to be followed.

He announced that Mr Griffith and Mr. Collins had agreed to waive their interpretations that Ulster must decide whether or not to enter the Free State within a month after the passing of this bill, accepting that of the British that the month did not begin to run out until after the passage of the final legislation next August or September, at the earliest, by which time he hoped that the passions would be calmed down and Ulster would be able to decide with the Free State on a constitution.

MEET TO BOOST WISCONSIN VALLEY

SECRETARIES OF COMMERCIAL ORGANIZATIONS MEET AT WAUSAU; WOULD ADVERTISE COOPERATIVELY

Secretaries of the commercial organizations of Antigo, Stratford, Marshfield, Nekoosa, and Wausau dicussed mutual problems in a get together meeting held at Wausau Tuesday. G. D. Fritisinger, secretary of the local chamber of commerce, was invited, but was unable to attend the meeting.

E. C. Kellogg, who represented the Nekoosa Chamber of Commerce, stated that the meeting was largely by way of preparing the way for later gatherings. Various problems of Wisconsin River cities were oughtt of Wisconsin river cities were brought up for discussion, but no definite action was taken.

Discuss Advertising

The matter of cooperative advertising of the cities of the Wisconsin river valley was discussed and it was decided to make an effort to bring the cities of the valley together to advertise collectively, something after the manner of the campaign now being conducted by the cities of the Fox River Valley.

The problem of handling and attracting tourists was one of the matters given considerable attention, Mr. Kellogg said. The talk was largely preliminary in its nature, but involved consideration of various means of attracting transients to this part of the state, which may be worked out later in actual practice. Among other things it was contended that much could be accomplished by the local merchants giving better service.

Another meeting will probably be called at some other city in the valley before summer, at which it is hoped that there will be a more representative attendance.

WILL NAME POINT MAN MAJOR GENERAL

Washington, Feb. 17—Nomination of Gen. Edward F. McGlachlin Jr. of Stevens Point, commandant of the army war college, to be a major general to succeed Maj. Gen. William G. Haan on the latter's retirement March 31, will be recommended by Secretary Weeks, it was announced last night.

LOCAL LIQUOR CASES ADJOURNED FOR WEEK

The cases of W. M. (Mike) Dolan and Carl Ringleman, both of this city, charged with violation of the prohibition laws, were adjourned until Friday, February 24, in Judge Getts court this morning.

Mrs. H. Levale, of Haywood, spent Thursday with friends in this city.

W. C. Krueger, of the State Highway Commission, is transacting business in Waupaca this week.

IRELAND NEARER PEACE THAN ANY TIME FOR WEEK

CHURCHILL ASKS HOUSE OF COMMONS TO TAKE IMMEDIATE ACTION ON IRISH FREE STATE BILL

(By Associated Press)

Belfast, Feb. 17—Forty-two Ulster unionists, kidnapped in the recent border raids from the south, have been released. Michael Collins telegraphed Winston Churchill, secretary for the colonies, today, that he had succeeded in the liberation of that number.

The return to their homes of a large number of kidnapped unionists has had a stimulating effect on public opinion in Ulster, but the situation on the border continues to be one of danger, owing to the proximity of rival forces at some points.

Senor Reign Passed

There was some diminution yesterday in the reign of terror that has held Belfast in its grip for the past week. Last night was the quietest experienced since the outbreak Sunday night of the disorders which have taken thirty-six lives.

Demands Action

London, Feb. 17—Secretary for the Colonies, Winston Churchill, in an address before the House of Commons yesterday afternoon, advocated the immediate passage of the Irish treaty bill, so that a legal and authorized election might be held at once in Ireland, and the socalled Republic dissolved for all time.

He said that Griffith and Collins had the support of the great majority of the Irish people, and that to withhold the law which would make possible the establishment of a regular form of government would merely strengthen the position of De Valera and the other irreconcilables.

Language of Treaty Plain

Mr. Churchill tackled the vexing question of the boundaries seriously, saying there was no use in dodging the facts. The language of the treaty was plain, he said, and would have to be followed.

He announced that Mr. Griffith and Mr. Collins had agreed to waive their interpretations that Ulster must decide whether or not to enter the Free State within a month after the passing of this bill, accepting that of the British that the month did not begin to run out until after the passage of the final legislation next August or September, at the earliest, by which time he hoped that the passions would be calmed down and Ulster would be able to decide with the Free State on a constitution.

HOWATT'S FRIENDS POLL STRONG VOTE

(By Associated Press)

Indianapolis, Feb. 17—Surprising strength favoring consideration by the convention of the United Mine Workers of the appeal of Alexander Howatt and other expelled Kansas miners for reinstatement in the union was shown in the early voting. Although the early voting gave a small majority against taking up the appeal, Lewis supporters were said to be doubtful of the out come.

The voting began early this morning, and was expected to last all day. It is by roll call, and while it is being carried on all other business is suspended.

GASOLINE HEARINGS MOVED TO MILWAUKEE

Madison, Wis., Feb. 17—The hearing on charges of discrimination in prices by wholesale of gasoline, scheduled by the department of markets for Madison, Tuesday, February 21, will be held in the Milwaukee city hall instead, it was announced today.

The change is made for convenience of witnesses.

IF CHINA SHOULD ARM

Despite the formal acceptance by the Chinese delegation of the results of the Washington parley as best they could get, and probably more than they expected, reports from American residents familiar with the Chinese people speak of a sense of disappointment in China which may have unlooked for effects. The most noticeable feature about the Chinese participation at Washington was the evident pressure of Chinese popular opinion against compromising their demands.

The Chinese leaders are not blind to their own weakness, caused by the pacific habit of the mass of their people and the rivalries of provincial leaders. But what if, aroused by this great issue on which the people think alike, China should decline to imitate Japan? It will not do to dismiss the idea with the recollection of how easily Japan dealt with China in 1894. What if there arose a new China, provoked by just such diplomatic dickering, and determined to become a force to be reckoned with?

HARDING ON PRIMARIES

President Harding in a speech at Washington strongly intimated that the old convention plan of the Republican party was superior to the present uniform primary system, and in this view he will have large support among those who have watched the operation of an alleged reform in nomination of candidates for public office. So long as the responsibility of nominations was placed upon party leaders their selfish interest alone—to say nothing of the public interest—dictated the selection of proper nominees.

Under the uniform primary, however, there is no direct responsibility and any one can shy his castor into the ring and become a candidate without regard to fitness. Frequently the result of this free-for-all method is the nomination of utterly unfit candidates, who wabble through and are placed upon party tickets, not infrequently winning a place on the ticket of a party with which they have never been affiliated. Also, the uniform system invites place to the rich man in politics as against the poor man who may be in every way better qualified for the public service.

It does not follow, of course, that the old convention system was always satisfactory. Many mistakes were made throug the action of delegates, but if anybody imagines that the uniform primary has effected any reform, he need only study some of the nominations of recent years to be disillusioned on this point.

HE JUMPED FIRST

It is noted that Geo. W. Lippert, self-styled friend of the masses, has left the Socialist Party to become something else. This smooth, pleasant spoken, aspiring but fickle individual has declared himself out of the party to see what he can get by being independent of any connection with the party he so long endorsed and led in his community.

No one knows, hereabouts, whether the party made it uncomfortable for Mr. Lippert and he saw the handwriting on the wall or whether he has simply taken matters in his own hand and decided that he can get farther by espousing the cause of the masses outside of any party affiliations or as a Blaine-LaFollette Progressive Republican with his "emphatically independent" motto hung on his political and newspaper masthead.

Whatever affiliations Mr. Lippert chooses, let it be borne in mind that he is first, last and always looking out for Mr. Geo. W. Lippert, whether he be the candidate of the masses, the Progressives, or with whoever he alligns himself. The public will go on swallowing the guff about altruism and unselfish battles for the mass cause, et cetera. It is only natural to suppose that Mr. Lippert will step out now to steal all of the political thunder of the party he flopped out of in an attempt to promote his political interests. Socialists need not mourn the loss of their fickle champion from Wausau. The best thing they can do is to see to it that he does not take all their votes with him in his hasty exit from the party in which he hopes to eclipse his former affiliations with his new brand of time worn camouflage of being the champion of the masses.

A PROMISE TO FULFILE

Service men who have been pinning their faith in the oft reiterated promises of Preisdent Harding and Republican leaders that a soldiers' bonus would be forthcoming at this session of congress, are beginning to wonder what all the delay is about. For political effect or otherwise numerous proposals for adjusted compensation have been made in congress, only to be turned down in favor of the long promised administration bill, which would be sure to pass and receive the President's signature.

Now service men are greeted with the pleasant spectacle of President Harding condemning the supposed administration measure, as prepared by Chairman Fordney of the house ways and means committee, and coming back with a suggestion which is practically equivalent to asking that the whole business be laid on the shelf until times are better and the government can pay with less inconvenience.

If the men who fought in France, or gave up good jobs to work and drill in the cantonments of this country ever need and deserve a bonus it is right now when hundreds of thousands of them are out of work and are actually forced to the bread lines to get food to keep themselves alive. Smug financiers of the Mellon variety may think more of maintaining fiscal affairs in a nice state of balance than of paying a long overdue and well earned obligation to the men who fought for this nation, but politicians like President Harding and the congressional leaders should have insight enough to see that the bonus is one thing that the people want whether it is wise from a banking standpoint or not.

The soldiers need and deserve the bonus. It is a promise which the Republican party must fulfill if it is to retain the confidence of the people. Congressmen are already looking toward next fall. President Harding may well think of 1924.

No, children, that naval holiday is one the schools won't observe.

Fighting evidently is one thing the Irish free state isn't free from yet.

This is the season of the year when a man begins to get impatient for a place in the sun.

Nobody has yet been able to beat a judge at making a speech that requires a lot of time.

The man who has just paid a plumber's bill knows what is meant by a "lead pipe cinch."

The report that a gold mine has been discovered in the city limits shows Los Angeles doing her best to distract attention.

A resolution has been introduced in congress to recognize Mexico, the first intimation there has been that there could be any mistake.

A New York woman killed her husband by hitting him with a coffee pot. That coffee is dangerous has been maintained by reformers all along.

Sugar companies are worried about over-production, which should be a hint to consumers who want to see justice fully meted out to use still less.

It costs 20,000 rubles to have a collar laundered in Russia. It is hard to tell over there whether a man is coming out, carrying his laundry, or going in, carrying his rubles.

Fined $50 in court, a St. Louis citizen said "Thanks" to the judge, who increased the fine $50, whereupon the citizen said "Thanks" again and kept it up until his fine was $500. Moral: "Don't mention it."

ATTEMPT TO SMUGGLE ARMS INTO PALESTINE

Haifa, Palestine—Accidental discovery of a consignment of several thousand automatic pistols and 25,000 rounds of ammunition, which were being smuggled into Palestine in boxes supposed to contain beehives, has aroused much comment and tended to revive the bitter feelings between the Arabs and Jews.

Sir Herbert Samuel, the High Commissioner had exempted beehives from customs duty in order to develop Palestine's industry.

Ninety-six boxes supposed to contain behives were being unloaded at Haifa when one of them was broken revealing the weapons and ammunition. The whole consignment which had been addressed to Jews was seized. The head of the Jewish Cooperative Workmen's Association at Haifa and a noted Jewish lawyer at Jaffa were arrested and charged with being implicated in the affair.

The Zionist leaders have disavowed all responsibility and condemned the incident. The native press has warned the people to be on guard, asserting that probably this contraband business has been going on for some time and that very yiikely great quantities of arms and ammunition have been brought in in this way.

OUTLINE PROGRAM FOR RULE IN PHILIPPINES

Manila, P. I.—Governor General Wood has announced his intention to follow in the near future the policy outlined in the report of the Wood-Forbe mission, as the basis of administration of the Philippines government. The chief executive, through circular letters to all department secretaries, states that while certain excellent principles and policies have been followed successfully in the past, there are at the same time evils that have grown up, which need to be remedied. In this connection, Governor Wood says he intends to prepare a government program that will make possible the realization, for the next four years at least, of the policy which the Wood-Forbes mission's report advocated, and the secretaries of departments and all their subordinates are urged to cooperate in making the necessary changes and adjustments.

Each secretary of department is instructed to submit to the governor general a program of activities of his department in line with the suggestions and recommendations contained in the report of the mission and to this end, the chief executive has issued to the secretaries memorandum prepared by members of the mission which suggests some of the subjects which should be considered and a definite method of dealing with the problem.

MRS. ANNA E. HUGHES

Mrs Anna E. Hughes, 22 West Elm St., Chicago, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac says:

"I haven't enjoyed such good health or felt so well in every way in year, as I do now. Before I took Tanlac I was so run down that half an hour at my work would tire me completely out and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous.

"My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in twenty years. Tanlac deserves every word of praise I can give it.

KENOSHA WILL HAVE SUNDAY SCHOOL MEET

Kenosha, Wis.—Kenosha is making thorough preparations for the big gathering of Sunday School Workers of the state who will be here in convention, March 9, 10, 11.

The State Sunday School association has the program practically completed, it was said. Preparations have been made for the taking care of the many delegates expected and railroads have granted reduced rates.

The program is to include: Dr. Marion Lawrence, Chicago; Dr. Norman E. Richardson, Northwestern University; Dr. W. A. Ganfield, president, Carroll college; Rev. Walter Albion Squires, Philadelphia; J. H. Engle, Michigan; C. W. Shinn, Chicago; Mrs. Vernon S. Phillips, Columbus, O., and other prominent workers in the field of Religious Education.

Kenosha plans to provide entertainment on the Harvard plan, lodging and breakfast for all who come to the convention.

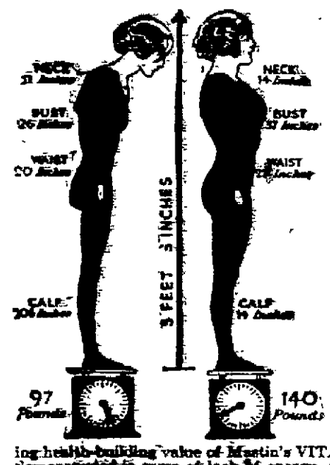
How Yeast Vitamon Tablets Put On Firm Flesh



Quickly Increase Your Energy and Beautify the Complexion—Easy and Economical to Take.

Thin or run-down folks! Take Mastin's VITAMON—two tablets with every meal. Then weigh and measure yourself each week and continue taking Mastin's VITAMON regularly until you are satisfied with your gain in weight and energy. Mastin's VITAMON contains highly concentrated yeast-vitamines as well as the two other still more important vitamines (Fat Soluble A and Water Soluble C). It is now being used by thousands who appreciate its convenience, economy and quick results. By increasing the nourishing power of what you eat Mastin's VITAMON supplies just what your body needs to feed the shrunken tissues, strengthen internal organs, clear the skin and renew shattered nerve force without upsetting the stomach or causing gas. Pimples, boils and skin eruptions seem to vanish as if by magic and the complexion becomes radiantly clear and beautiful.

IMPORTANT! While the amazing health-building value of Mastin's VITAMON has been clearly and positively demonstrated in cases of lack of energy, nervous troubles, anemia, indigestion, constipation, skin eruptions, poor complexion and a generally weakened physical and mental condition, it should not be used by anyone who OBJECTS to having their weight increased to normal. You can get Mastin's VITAMON tablets at all good druggists.

MASTINS VITAMON TABLETS — THE ORIGINAL AND GENUINE — YEAST VITAMINE TABLET

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

If it isn't MASTINS it isn't VITAMON

A Big William A. Brady Production For Paramount Said to be Most Massive

Based on Thompson Buchanan's successful melodrama which created a theatrical sensation in New York in 1914, "Life," a William A. Brady production for Paramount, will be shown at the Palace Theatre for one day tomorrow. This melodrama picture was produced in New York recently and is declared by press and public to be one of the strongest pictures of the season.

Billy Reid, a young private secretary to a wealthy New York broker, secretly marries his employer's daughter. Ralph Stuyvesant, son of the broker, is enamored of Muriel Barrisford, an adventuress, and to gratify her whims, he forges his father's name to a check. Tom Burnett, jealous of Billy, with the aid of Ralph, shifts the blame on Billy. At a ball given at the Stuyvesant home Burnett shoots and kills the broker and circumstances pointing at him, Billy is arrested and convicted of the crime. He is saved from the chair by a ruse through the efforts of his wife and Burnett is brought to justice.

There are innumerable thrilling situations in the development of the story all of which have been admirably brought out by Travers Vale, the director. Jack Mower is leading man and Arline Pretty, leading woman. Other capable players in the cast include Rod La Rocque, Leeward Meeker, Nita Naldi and Effingham Pinto.

NATIONAL FLOWER SHOW GOES TO INDIANAPOLIS

Cleveland, O.—The National Flower Show, originally scheduled to be held in Cleveland's new municipal auditorium, has been transferred to Indianapolis, Ind., March 31, H. P. Knoble of Cleveland, chairman of the National Florists' committee announces.

Because of Mayor Fred Kohler's decision not to open the new public hall until it is completely finished and financed, directors of the flower show decided to take it elsewhere. The show was to have been held here from Mar. 27 to April 1. Mayor Kohler would not consent to open the hall until April 15, and then only upon the ability of a committee of citizens to provide for the necessary finances for the operation of the hall after its opening

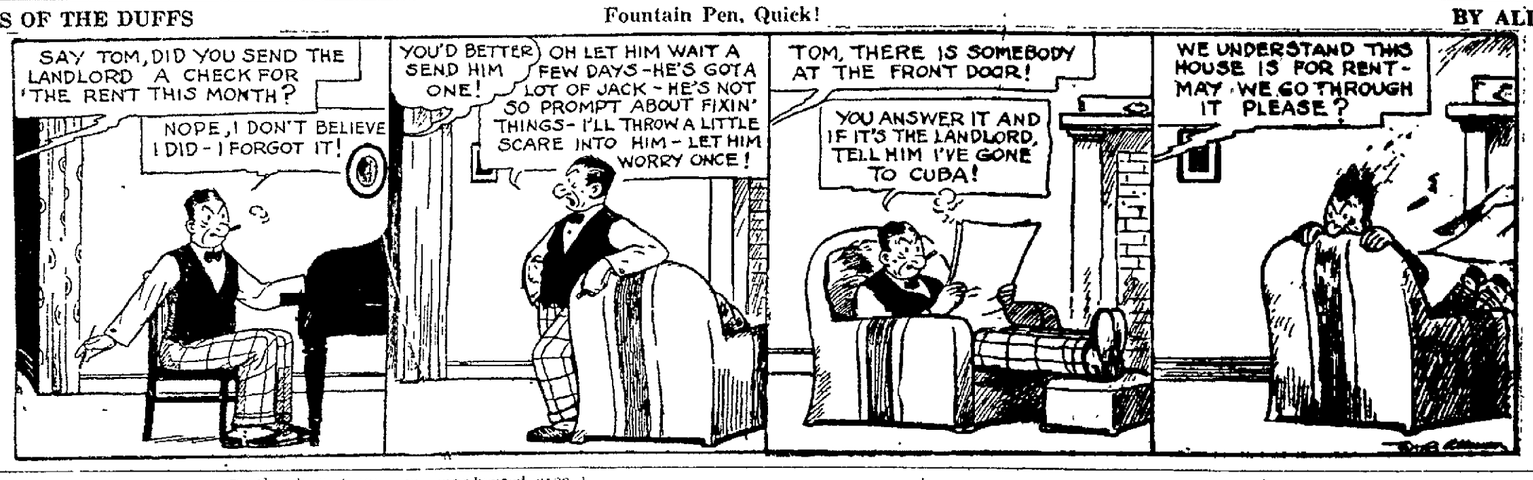
DOINGS OF THE DUFFS — Fountain Pen, Quick! — BY ALLMAN



The Girl a Horse and a Dog

By FRANCIS LYNDE

Copyright by Charles Scribner's Sons

As the machine began to gather speed, I looked back. What I saw was a-plenty. Three men, one of them,

What I Saw Was a-Plenty.

whom I took to be the telegraph operator, in his shirt-sleeves, came running up the station platform. The shirt-sleeved man was yelling and waving something that glistened in the sunlight. Next I heard the distance-diminished crack of a pistol and a blunt-nosed bullet sang a whining little lullaby to me as it tore past.

I flung up an arm to show the pistol-firer that he had missed, and then the small car swung around the shoulder of the nearest hill and Angels became only a backward-flitting memory.

CHAPTER V.

The Magic Triad.

To be stopped before I could reach my goal was no part of my plan, so I opened things up and gave the little three-wheeled dinky all the gas it could use, keeping a sharp lookout ahead, and meaning to pull up a little way short of the graveyard city, abandoning the car and making the actual approach on foot.

Judging from the way the scenery was racing backward, I estimated that the little car must be doing at least thirty miles to the hour; which meant forty minutes or such a matter, to cover the twenty one miles. If opposing train or trains, whatever they might be, would only keep out of my way for those precious forty minutes. . . .

I pushed the small motor to its limit and was getting along beautifully until suddenly, on a grade that was a bit steeper than usual, the popping exhaust quit short off, the engine slowed down, and the car, squeaking and grinding, came to a stand on a low embankment between two of the hill cuttings.

There wasn't anything very complicated about the little motor, and I soon discovered that a broken ignition wire was what had killed it. Happily, there was a small toolbox under the seat, and in the kit there was a pair of pliers. But sometimes—and this was one of them—a bit of material is as important as the tools to work with. The broken wire was too short to couple up again, and there wasn't an inch of spare wire to be found in the kit.

They say that necessity is the mother of invention; but I'll defy anybody to invent a piece of wire in the middle of the Great Sahara desert. Every minute I was expecting to hear the rumble and roar of a train.

In this extremity it was a little desert zephyr that gave me the great idea. A gentle breeze came sighing up the draw from some overheated area out beyond, and finding no trees on the barren hills, it sang its little song in the thickly clustering telegraph wires on the poles. Why, sure! I said to myself, here was my wire—miles and miles of it. All I had to do was to climb up and get it.

PEOPLE LEARNING HOW TO REGAIN ENDURANCE

REMARKABLE EASTERNER'S THEORIES BEING BORNE OUT BY ACTUAL RESULTS EVERYWHERE

"Forty per cent of the people are half sick, nervous and run down and fully ninety per cent of these can attribute their condition to stomach troubles."

Such are the main points in Garren's new health theory which has stirred Wisconsin Rapids where Garren's representatives have been visiting during the past few weeks. "This is due to modern conditions," said Garren in an interview.

"These people," he added, "have overworked, run down, digestive organs, owing to too little exercise in the fresh air, and too much hastily eaten food. It isn't kidney trouble, or liver complaint, or dozens of other diseases invented by imaginations.

"A sound digestive apparatus that is doing it's full duty in getting every particle of vitality out of the food is what makes good health, strength and endurance. Only the stomach in condition, and, there is likely to be little sickness, weakness and that tired all-the-time feeling.

"My medicine, Garren's Tonics, designed to restore 'out of whack' stomachs and to destroy chronic constipation. This makes blood rich with iron and vitamines course through your veins carrying nourishment to your nerves, tissue muscles and brain. Thousands of people say this is the reason for my big success and explains why Garren's Tonic is attracting such an unusual amount of attention all over the state."

Garren's Tonic is sold in Wisconsin Rapids by E. M. Coyle and the leading dealers in every city.—Advertisement.

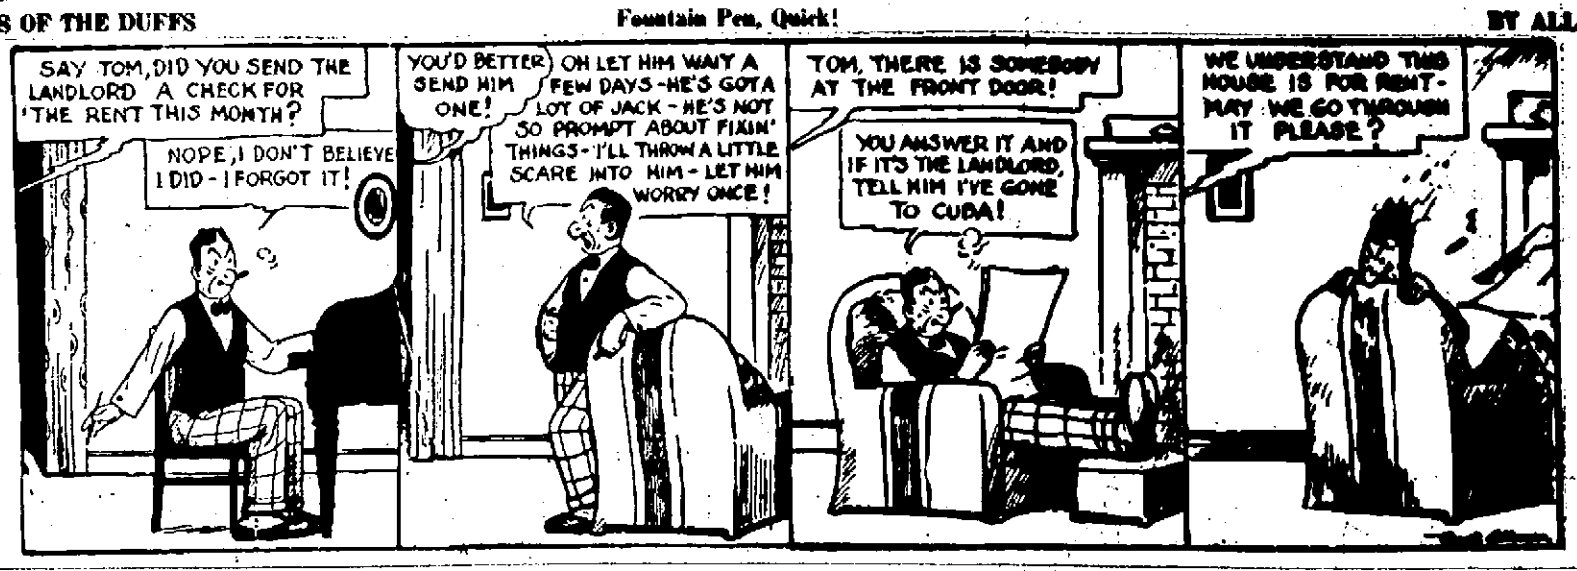
DOINGS OF THE DUFFS — Fountain Pen, Quick! — BY ALLMAN



The Girl a Horse and a Dog

By FRANCIS LYNDE

Copyright by Charles Scribner's Sons

As the machine began to gather speed, I looked back. What I saw was a-plenty. Three men, one of them,

What I Saw Was a-Plenty.

whom I took to be the telegraph operator, in his shirt-sleeves, came running up the station platform. The shirt-sleeved man was yelling and waving something that glistened in the sunlight. Next I heard the distance-diminished crack of a pistol and a blunt-nosed bullet sang a whining little lullaby to me as it tore past.

I flung up an arm to show the pistol-firer that he had missed, and then the small car swung around the shoulder of the nearest hill and Angels became only a backward-flitting memory.

CHAPTER V.

The Magic Triad.

To be stopped before I could reach my goal was no part of my plan, so I opened things up and gave the little three-wheeled dinky all the gas it could use, keeping a sharp lookout ahead, and meaning to pull up a little way short of the graveyard city, abandoning the car and making the actual approach on foot.

Judging from the way the scenery was racing backward, I estimated that the little car must be doing at least thirty miles to the hour; which meant forty minutes or such a matter, to cover the twenty-one miles. If opposing train or trains, whatever they might be, would only keep out of my way for those precious forty minminutes. . . .

I pushed the small motor to its limit and was getting along beautifully until suddenly, on a grade that was a bit steeper than usual, the popping exhaust quit short off, the engine slowed down, and the car, squeaking and grinding, came to a stand on a low embankment between two of the hill cuttings.

There wasn't anything very complicated about the little motor, and I soon discovered that a broken ignition wire was what had killed it. Happily, there was a small toolbox under the seat, and in the kit there was a pair of pliers. But sometimes—and this was one of them—a bit of material is as important as the tools to work with. The broken wire was too short to couple up again, and there wasn't an inch of spare wire to be found in the kit.

They say that necessity is the mother of invention; but I'll defy anybody to invent a piece of wire in the middle of the Great Sahara desert. Every minute I was expecting to hear the rumble and roar of a train.

In this extremity it was a little desert zephyr that gave me the great idea. A gentle breeze came sighing up the draw from some overheated area out beyond, and finding no trees on the barren hills, it sang its little song in the thickly clustering telegraph wires on the poles. Why, sure! I said to myself; here was my wire—miles and miles of it. All I had to do was to climb up and get it.

RUDOLPH FATHER AND SON BANQUET SUCCESS

About seventy men and boys attended the Father and Son banquet at Rudolph. The eighteen boys of the Rudolph scout troops were in attendance, and gave a fine musical program. There was also community singing by the entire company of scout songs and others.

The Rev. P. J. Wagner of the Catholic church of Rudolph made the opening address and there were also short talks by the Rev. Linus Fricker, deputy scout commissioner of this city, the Rev. J. H. Schoechert, S. G. Corey of the Wood County Agricultural school, and Scout Executive E. H. Justice.

A party from Wisconsin Rapids made the trip home by sleigh in spite of the cold weather.

Harmon Voskuil, principal of the Rudolph school, who is scoutmaster of the troop there, and two of his patrol leaders are planning to come here regularly each week for the Scout Leaders Training classes being given at the high school every Tuesday evening.

Saturated with a chemical preparation that changes color with the weather, a lapel button that serves as a personal barometer has been patented.

The interior of an automobile can be warmed by a new device using fresh air heated by the exhaust gases instead of employing the gases themselves.

Designed for places where there is danger of fire is a desk for bookkeepers that folds and slides down into a safe, the top of which closes over it.

CITY NEWS DEPOT
Wisconsin Rapids, Wisconsin.

RULES FOR THE CONTEST:

1. Any reader, man, woman or child, is eligible to this contest except employes of The Journal and relatives of The Journal employes.

2. All answers must be mailed before midnight (according to postmark) of the Tuesday night following Sunday's issue of The Journal.

3. Lists are to consist of nouns that are to be found in generally recognized dictionaries of the English language. When the singular of a noun is listed then the plural of that noun may not be used, and vice versa. Each noun must be the name of some object, or parts of an object, seen in the picture. Abstract words (the name of a state or quality considered apart from the object to which it belongs) are not to be listed. No letter may be used more times in a word than that letter appears in the title of the picture.

4. Any object may be named and listed only once; however, the object so listed may contain as one or more of its parts other articles, or objects which may be also listed. No word may appear more than once in the list.

5. Write your list with ink or typewriter—not pencil. Write on one side of a single sheet of paper and arrange your words alphabetically. That is, words beginning with the A, B, C, etc., are to be grouped separately.

6. Write the words in columns and number each word, such numbers to correspond with numbers beside the objects in the picture.

7. Write your name and address at the top of your list. Write there, also, the total numbers of words in your list. Also write your name and address on the margin of the picture, fasten list and picture together.

8. Do not put anything in your envelope except the list and the picture. Address it to Puzzle Editor, The Milwaukee Journal, and mail it as early as possible within the time limit.

9. In case of two lists having the same number of correct words, then the list in which is found the fewer number of improperly listed words will be given preference.

10. In case of two or more contestants sending in answers which are identical in point of merit, and are tied for any particular prize, then each contestant so tieing shall receive the full amount of the prize tied for. Judges' decisions must be accepted as final.

Endurance Required for This

Many of the sports at the winter carnival at Banff, Canada, furnished more thrills than the snowshoe races, but none of them required more endurance. This shows the finish of the one-mile race.

Form Midwest Association Of A. A. U. At Omaha

Omaha, Neb., Feb 17—The Mid-Western Association of the Amateur Athletic Union will be organized here tomorrow at the Omaha Athletic Club The territory to be covered by the new association, it is proposed, will be Nebraska, North Dakota, South Dakota, now in the Western A A. U. and Iowa, at present in the Central A. A. U

The redistricting committee of the National A. A U. has sanctioned the new division, which has been sought for some time by G P Wendall, swimming director of the Omaha Athletic Club and others, who succeeded in convincing the committee that a separation from the Western A. A. U. and the Central A A U was necessary

Swimming Only Sport

Up to the present time, swimming meets at the Omaha Athletic Club have been the only evidence of A. A. U competition in Omaha, while other cities have been promoting contests in track and field, boxing, wrestling, baseball and basketball gymnastics and other sports under the direction of the Union One of the reasons given for the lack of interest in the A. A U. competition here, it is said, has been the expense incident to the sending of contestants to western meets. The new district will eliminate that situation, it is said, and still offer championship events.

The new association will elect its own officers and have home rule It is expected that Omaha will be selected as headquarters for the association.

COLONELS TO PLAY EXHIBITION GAMES

Louisville, Ky.—The exhibition games of the Louisville club of the American Association includes games with the Brooklyn and Cincinnati Nationals, St Louis Americans, and two Southern Association Clubs

The Colonels will play their first game with the Brooklyn club at Pensacola, Fla., Mar. 19. Games with this club also will be played on the two following days Other games are: St St. Louis Americans at Pensacola, on March 25, 26 and 27 Birmingham at Birmingham April 3, Nashville at Nashville April 4 and 5, Cincinnati at Louisville April 6, 7 and 8; Nashville at Louisville April 9 and 10.

OPEN SEAT SALE FOR WRESTLING MATCHES

Marshfield—Manager Fred Reeths, Jr., announced today, before leaving on a business trip to Fond du Lac, that tickets for the coming wrestling match between Yuckser Witt and Capt. Walter Evans, scheduled for Friday evening, February 24, would be placed on sale at the Brunswick, Eagle Bar, Bodega, Trudeau's and Regenfuss Bar on Friday of this week.

Grappler Lindsley of Neillsville is working daily with Yuckser on the mat at the Eagle club. The local man is rounding into excellent form and Captain Evans, a veteran at the game and a skillful grappler, is assured of a tough go when he comes to Marshfield.

Gill And Brumm Not Barred Yet Tom Jones Says

Madison—Reports in Chicago and Milwaukee papers to the effect that Roman "Kibo" Brumm and Ralph Gill, University of Wisconsin football players, had confessed playing nonconference basketball and had been barred from further competition at the school, were declared false by Athletic Director Tom Jones Wednesday. Both Brumm and Gill are sophomores with two more years of varsity competition in football.

"Although Brumm and Gill are under investigation by the athletic council," Director Jones said, "no action has been taken in the matter. I have seen both of their names in a lineup of the Lakota Cardinal basketball team, and this evidence has been submitted to the council.

"All I can say now is that Brumm and Gill are under investigation; that they have not confessed, and been ruled professionals and ineligible; and that their cases will be disposed of, either one way or the other, at a meeting of the athletic council within a week."

Director Jones also said that "before entering college, Rollie Williams, a three sport letter man, played with the Lakota five, but we believe that at that time the team was strictly an amateur organization."

Discussing the case of Alva (Rowdy) Elliott, star football and baseball player, who is charged with playing semi-professional baseball during the summer, Director Jones said, "as far as the evidence we have collected goes, Elliott is innocent of the charges."

LIMIT DEDUCTIONS FROM GAME PROCEEDS

Madison, Wis.—Only actual expenses in confiscation of game can be deducted from the funds collected through its sale, R. M. Hoyt, deputy attorney general advised Elmer S. Hall, secretary of state, in an opinion today.

The question was raised whether or not the conservation commission could take out the ordinary expenses of the wardens in traveling about on their regular duties, from the money obtained through sale of confiscated game. Mr Hoyt concluded "only the expenses which are directly attributable to the work of seizing and selling the property," could be deducted.

Boy Scouts

The Boy Scouts in the Chicago district need $90,000 for the continuation of activities, and various organizations, including the city council and the Association of Commerce, are out this week to get the money.

Any one who backs the Boy Scouts is backing good citizenship. The scouts are taught self-reliance, given activity afield, new interests in wholesome life, and a standard of high principles. They are taught that physical activity and hardihood are parts of a clean life along with consideration for others.

It is an accomplishment to give a healthy boy a fine code of courtesy and consideration without letting him fear that some one is trying to make a sissy out of him. That fear is what makes Penrod Schofield take to the woods.

Money given the scouts is money put in a good investment.—Chicago Tribune.

Club Formed To Back Athletics At Marshfield

Marshfield—A goodly number of fans and baseball playeds attended the first meeting of enthusiasts at the Eagle club last night, called for the purpose of starting the ball rolling for a baseball club in this city the coming summer.

J. A. Thomas was elected temporary chairman and conducted the meeting and Floyd Apfel was chosen as temporary secretary.

The outstanding feature of the meeting was the authorization given to Mr. Thomas to select five to act as an organization board, to draw up articles of incorporation for a club to promote not only baseball, but all other branches of sport in Marshfield.

A report of the business of the baseball club of last year was read and showed that, while the club did not make a lot of money over and above expenses, it was at least able to pay its players and not finish the season with so large a deficit as was experienced by some of the other clubs in the league of last year. The report further showed three players, Noel Works and Leahy drew a combined salary of close to $2,500.

WESTERN SAWMILL CUTS BIGGEST LOG

Hoquaim, Wash.—An enormous spruce log, 10 feet in diameter, believed the largest ever cut in this section, recently was sawed into 16,000 board feet of lumber here. When first put on the saw, the big log broke the mill machinery and was not cut until repairs were made.

Some time ago a larger log was brought here but no mill would tackle it and it was placed in a Hoquaim park for exhibition purposes.

Endurance Required for This

Many of the sports at the winter carnival at Banff, Canada, furnished more thrills than the snowshoe races, but none of them required more endurance. This shows the finish of the one-mile race.

Form Midwest Association Of A. A. U. At Omaha

Omaha, Neb., Feb. 17—The Mid-Western Association of the Amateur Athletic Union will be organized here tomorrow at the Omaha Athletic Club. The territory to be covered by the new association, it is proposed, will be Nebraska, North Dakota, South Dakota, now in the Western A. A. U. and Iowa, at present in the Central A. A. U.

The redistricting committee of the National A. A. U. has sanctioned the new division, which has been sought for some time by G. P. Wendall, swimming director of the Omaha Athletic Club and others, who succeeded in convincing the committee that a separation from the Western A. A. U. and the Central A. A. U. was necessary.

Swimming Only Sport

Up to the present time, swimming meets at the Omaha Athletic Club have been the only evidence of A. A. U. competition in Omaha, while other cities have been promoting contests in track and field, boxing, wrestling, baseball and basketball gymnastics and other sports under the direction of the Union. One of the reasons given for the lack of interest in the A. A. U. competition here, it is said, has been the expense incident to the sending of contestants to western meets. The new district will eliminate that situation, it is said, and still offer championship events.

The new association will elect its own officers and have home rule. It is expected that Omaha will be selected as headquarters for the association.

COLONELS TO PLAY EXHIBITION GAMES

Louisville, Ky.—The exhibition games of the Louisville club of the American Association includes games with the Brooklyn and Cincinnati Nationals, St. Louis Americans, and two Southern Association Clubs.

The Colonels will play their first game with the Brooklyn club at Pensacola, Fla., Mar. 19. Games with this club also will be played on the two following days. Other games are: St. St. Louis Americans at Pensacola, on March 25, 26 and 27. Birmingham at Birmingham April 3, Nashville at Nashville April 4 and 5, Cincinnati at Louisville April 6, 7 and 8; Nashville at Louisville April 9 and 10.

OPEN SEAT SALE FOR WRESTLING MATCHES

Marshfield—Manager Fred Reeths, Jr., announced today, before leaving on a business trip to Fond du Lac, that tickets for the coming wrestling match between Yuckser Witt and Capt. Walter Evans, scheduled for Friday evening, February 24, would be placed on sale at the Brunswick, Eagle Bar, Bodega, Trudeau's and Regenfuss Bar on Friday of this week.

Grappler Lindsley of Neillsville is working daily with Yuckser on the mat at the Eagle club. The local man is rounding into excellent form and Captain Evans, a veteran at the game and a skillful grappler, is assured of a tough go when he comes to Marshfield.

Gill And Brumm Not Barred Yet Tom Jones Says

Madison—Reports in Chicago and Milwaukee papers to the effect that Roman "Kibo" Brumm and Ralph Gill, University of Wisconsin football players, had confessed playing nonconference basketball and had been barred from further competition at the school, were declared false by Athletic Director Tom Jones Wednesday. Both Brumm and Gill are sophomores with two more years of varsity competition in football.

"Although Brumm and Gill are under investigation by the athletic council," Director Jones said, "no action has been taken in the matter. I have seen both of their names in a lineup of the Lakota Cardinal basketball team, and this evidence has been submitted to the council.

"All I can say now is that Brumm and Gill are under investigation; that they have not confessed, and been ruled professionals and ineligible; and that their cases will be disposed of, either one way or the other, at a meeting of the athletic council within a week."

Director Jones also said that "before entering college, Rollie Williams, a three sport letter man, played with the Lakota five, but we believe that at that time the team was strictly an amateur organization."

Discussing the case of Alva (Rowdy) Elliott, star football and baseball player, who is charged with playing semi-professional baseball during the summer, Director Jones said, "as far as the evidence we have collected goes, Elliott is innocent of the charges."

LIMIT DEDUCTIONS FROM GAME PROCEEDS

Madison, Wis.—Only actual expenses in confiscation of game can be deducted from the funds collected through its sale, R. M. Hoyt, deputy attorney general advised Elmer S. Hall, secretary of state, in an opinion today.

The question was raised whether or not the conservation commission could take out the ordinary expenses of the wardens in traveling about on their regular duties, from the money obtained through sale of confiscated game. Mr. Hoyt concluded "only the expenses which are directly attributable to the work of seizing and selling the property," could be deducted.

Bou Scouts

The Boy Scouts in the Chicago district need $90,000 for the continuation of activities, and various organizations, including the city council and the Association of Commerce, are out this week to get the money.

Any one who backs the Boy Scouts is backing good citizenship. The scouts are taught self-reliance, given activity afield, new interests in wholesome life, and a standard of high principles. They are taught that physical activity and hardihood are parts of a clean life along with consideration for others.

It is an accomplishment to give a healthy boy a fine code of courtesy and consideration without letting him fear that some one is trying to make a sissy out of him. That fear is what makes Penrod Schofield take to the woods.

Money given the scouts is money put in a good investment.—Chicago Tribune.

Club Formed To Back Athletics At Marshfield

Marshfield—A goodly number of fans and baseball playeds attended the first meeting of enthusiasts at the Eagle club last night, called for the purpose of starting the ball rolling for a baseball club in this city the coming summer.

J. A. Thomas was elected temporary chairman and conducted the meeting and Floyd Apfel was chosen as temporary secretary.

The outstanding feature of the meeting was the authorization given to Mr. Thomas to select five to act as an organization board, to draw up articles of incorporation for a club to promote not only baseball, but all other branches of sport in Marshfield.

A report of the business of the baseball club of last year was read and showed that, while the club did not make a lot of money over and above expenses, it was at least able to pay its players and not finish the season with so large a deficit as was experienced by some of the other clubs in the league of last year. The report further showed three players, Noel Works and Leahy drew a combined salary of close to $2,500.
